

Train as a Safari Guide in South Africa – practical wildlife courses up to 40% off with Bushwise

Gestion de la faune et de ses habitats, Sciences de l'environnement

 Bushwise

 South Africa

Do you want to get practical experience with African wildlife and learn about conservation while doing it? Join a professional wildlife program with Bushwise in South Africa in pristine Big Five Game Reserves!

With a Bushwise Grant, Université du Québec à Rimouski students can apply for funding of up to \$7,500, which covers accommodation, meals, expert-led training, practical field work and the chance to earn accredited qualifications, for courses ranging from 27 days to a year!

Description

Location: South Africa, with work placements inside and outside South Africa, depending on the program and participant.

Eligibility: Université du Québec à Rimouski students with a keen interest in wildlife, conservation, and ecological research.

Start date: Program start dates are available throughout the year, depending on the course you book. Programs range from 27 days to one year.

Funding available: Up to \$7,500 with a Bushwise Foundation Grant.

Grant code: POR-BW-UNIKI

Overview:

This is your chance to take your studies into the wild!

Bushwise is an accredited South African training organisation, and our programs combine academic learning with hands-on fieldwork, giving students real-world experience in conservation, wildlife management, and more.
